Copies of the references cited therein are not enclosed, however, as explained further below.

Pursuant to 37 CFR § 1.98(d), copies of the cited art are not

submitted herewith, as they are available in the file wrappers of USSN 07/293,201 (filed 1/4/89; now U.S. Patent No. 5,164,369), USSN 07/715,397 (filed 6/14/91; now U.S. Patent No. 5,260,273), and/or USSN 08/060,833 (filed 5/12/93; now U.S. Patent No. 5,407,914), which are all relied upon for an earlier filing date. Copies of the Information Disclosure Statements and PTO Forms 1449 of record in the aforementioned file wrappers are enclosed herewith, however, for the convenience of the Examiner.

Applicants understand that the interpretation given to each reference may differ from one individual to another. The PTO is therefore encouraged to independently examine the disclosed references. While the references provided in this Information Disclosure Statement may be material pursuant to 37 CFR §1.56, pursuant to 37 CFR §1.97(h), the filing of this statement shall not be construed to be an admission that the cited information is, or is considered to be, material to patentability unless specifically designated as such.

Applicants are filing the present statement pursuant to 37 CFR §1.97(b) insofar as this statement is being filed within three months of the filing of the application and before the mailing date of a first Office Action.

Also, in accordance with 37 CFR §1.97(g), the filing of this Information Disclosure Statement shall not be construed as a

representation that a search has been made, or that if made, any search was complete or exhaustive, or that no other material information as defined in 37 CFR §1.56 exists.
